Notes:

1. Yankuang Lunan Chemicals Co., Ltd. has actively responded to changes in the market environment and carried out flexible production, which affected year-on-year decrease in production and sales of ethyl acetate, causing year-on-year decrease in production and sales of ethyl acetate.
2. Shaanxi Future Energy Chemicals Company Limited has actively responded to changes in the market environment, carried out flexible production and continuously optimized its product structure, which affected changes in the production and sales of its chemical products, causing changes in year-on-year increase/decrease in production and sales of crude liquid wax and diesel products.
3. The production and sales volume set out in the table above were rounded, but the increase or decrease is calculated according to the original data before rounding.

As the operational data is influenced by various factors (including but not limited to the adjustment of the macroeconomic policy of the state, changes in domestic and overseas market conditions, seasonality, bad weather and disasters, equipment maintenance and safety inspection), the operational data for each quarter may differ substantially. The data contained in this announcement were prepared in accordance with Accounting Standards for Business Enterprises and the relevant regulations and explanations issued by the Ministry of Finance of the PRC and there are discrepancies in the interpretation of the interim reports and annual reports prepared in accordance with the International Financial Reporting Standards. The operational data disclosed in periodical reports shall prevail if there is any discrepancy. **Investors should be aware of the investment risks associated therewith.**
